Department of Transportation—Federal Aviation Administration

Supplemental Type Certificate

Number SA5982NM

This certificate, issued to Flight Structures, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 *of the* Federal Aviation *Regulations.* (See Type Certification Data Sheet A16WE for complete certification basis.)

Original Product—Type Certificate Number: A16WE

Make: Boeing

Model: 737-200

Description of Type Design Change: Interior arrangement which includes installation of galley ovens in accordance with Flight Structures, Incorporated Master Drawing List 93FS232-D01, Revision A, dated August 13, 1993.

Limitations and Conditions: The approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate and Master Drawing List 93FS232-D01 must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 24, 1993

Date reissued:

Date of issuance: August 18, 1993

Date amended:

By direction of the Administrator
