Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA2099NM

This certificate, issued to The R & B Company

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 *of the* Federal Aviation *Regulations.* (See Type Certification Data Sheet A16WE for complete certification basis)

Original Product — Type Certificate Number: A16WE

Make: Boeing

Model: 737-200

Description of Type Design Change: Installation of a class divider in accordance with FAA approved TRAMCO Drawing List 82-051 Sheet 2, Revision "A" dated February 10, 1984 or later FAA approved revisions.

Limitations and Conditions: The approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. The resulting interior arrangement, along with passenger information signs and placarding, emergency equipment and oxygen masks accessibility and interference with exits has not been evaluated and is not part of this STC. A copy of this Certificate and TRAMCO Drawing 82-051, Sheet 2 shall be maintained as pa of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 10, 1983

Date of issuance: May 16, 1983

Date reissued:

Date amended: March 22, 1984

By direction of the Administrator
