This is a Duplicate – Re-issued to supersede the original STC, which has been lost, or misplaced, or destroyed.

United States Of America

Department of Transportation - Federal Aviation Administration

Supplemental Type Certificate

Added Notes at Surrender:

1. Future unsafe conditions existing in the product can result in an airworthiness directive requiring correction of the unsafe condition before further flight. If there is no entity to comply with 14 CFR 21.99(a), Required design changes, the existence of an unsafe condition might result in permanently grounding of the aircraft.
2. Replacement parts might not be available in the future.

Number ST00398LA-D

This Certificate issued to Jetaire Aerospace, LLC
1170 Peachtree Street
Atlanta, GA 30309

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product Type Certificate Number A6WE

Make: McDonnell Douglas

Model: DC-9-82, DC-9-81, DC-9-87

STC Surrender processed:

Approval by: Melvin Taylor, ATL ACO Manager

Date: 7/1/2010

Description of Type Design Change: Installation of Provisions for Smoke Detection and Fire Suppression Systems, Lower Cargo Compartments, in accordance with Hollingsead International's Master Data List No. 12100, Revision A, dated February 24, 1999, or later FAA approved revision.

Installation of Active Smoke Detection/Fire Suppression System, Lower Cargo Compartments, in accordance with Hollingsead International, Inc. Master Data List 12100, Revision F, dated November 2, 1999, or later FAA approved revision. FAA Approved Flight Manual Supplement, Hollingsead International, Inc. Document No. 2392-04, Revision B, dated October 25, 1999, or later FAA approved revision is required.

Limitations and Conditions: This approval should not be incorporated on any certificated product of this model on which other approved modifications are incorporated, unless it is determined that the relationships between this change and any of those previously incorporated modifications will not introduce any adverse effect upon the airworthiness of the certificated product. A copy of this STC and Master Data List No. 12100 as indicated above, must be included in the permanent record of the aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 16, 1998

Date of issuance: March 4, 1999

Date reissued: June 27, 2005; May 14, 2007; June 11, 2009

Date amended: November 5, 1999; September 14, 2001; March 18, 2002

By direction of the Administrator
