United States of America

Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA4717NM

This certificate, issued to Aero Air, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 *of the* Federal Air *Regulations.*

Original Product — Type Certificate Number: A5SW

Make: Fairchild Aircraft

Model: Merlin III (SA226-T)

Description of Type Design Change: Removal of engine heat shrouds in accordance with the instructions contained in Fairchild SA226 Series Service Bulletin No. 71-015, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 4, 1988

Date of issuance: April 21, 1989

Date reissued:

Date amended:
