United States of America

Department of Transportation—Federal Aviation Administration

Supplemental Type Certificate

Number SA4176NM

This certificate, issued to Ace Bigby

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 *of the* Federal Air *Regulations.*

Original Product—Type Certificate Number: 3A23

Make: Maule

Model: M-5-180C, M-5-210TC, M-5-235C, M-6-180, M-6-235

Description of Type Design Change: Installation of the U.S.A. Composite 14" spinner (drawing HZL 14-01) in accordance with A. S. & W. Aircraft Services Installation Instructions dated February 13, 1988, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 11, 1987

Date of issuance: March 1, 1988

Date reissued:

Date amended:
