United States of America

Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SH3372NM

This certificate, issued to Weyerhaeuser Company

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 6 *of the* Civil Air *Regulations*, dated December 20, 1956.

Original Product — Type Certificate Number: H2SW

Make: Bell

Model: 206 Series

Description of Type Design Change:

Installation of North American Industries, Inc. Model Five Automatic Flagman on the right rear landing gear in accordance with Weyerhaeuser Company Installation Instructions Dated May 21, 1986.

Limitations and Conditions: Approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate and Flight Manual Supplement shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 17, 1986

Date of issuance: May 21, 1986

Date reissued:

Date amended:
