Supplemental Type Certificate

Number SA5128NM

This certificate, issued to Flight Structures, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 *of the* Federal Aviation *Regulations:* (see Type Certification Data Sheet A20WE for complete certification basis)

Original Product — Type Certificate Number: A20WE
Make: Boeing
Model: 747-357

Description of Type Design Change: Electrical provisions for a Satellite Communication System (SATCOM), in accordance with Flight Structures Master Drawing List 90FS072-D81, Revision IR, dated February 27, 1991.

Limitations and Conditions: Approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate and Flight Structures Master Drawing List 90FS072-D01, Revision C, dated February 26, 1991, shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 26, 1989

Date of issuance: February 28, 1991

Date reissued:

Date amended:
