Number SA4318NM

This certificate, issued to Allen E. Timberman

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * *of the* * *Regulations.*

Original Product—Type Certificate Number:

Make: *See Attached Approved Model List (AML) No. SA4318NM for list of approved airplane models and applicable airworthiness regulations.

Model:

Description of Type Design Change: Installation of an oil filter, filter base, and mounting plate on the firewalls of those airplanes listed on AML No. SA4318NM that are equipped with an FAA Approved Continental Model O-200-A engine installation which has been modified by the installation of an external mounted full flow oil adapter and spin-on oil filter in accordance with STC No. SE4315NM and Timberman Installation Instructions No. OF-16-0200, dated March 31, 1988, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to the aircraft models listed on AML No. SA4318NM only. This approval should not be extended to aircraft of these models on which other previously approved modifications are incorporated unless it determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate and AML No. SA4318NM, dated November 21, 1988, or later FAA Approved revision must be maintained as part of the permanent records for the modified aircraft. *This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*
