Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA1457CE

This certificate issued to Wilcox Electric, Inc.
14th and Chestnut
Kansas City, MO 64127

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified herein meets the airworthiness requirements of Part 25 *of the* Federal Aviation *Regulations.*

Original Product—Type Certificate Number: A22CE
Make: Cessna
Model: 500 and 550

Description of Type Design Change: Installation of Microwave Landing System airborne equipment in accordance with Tull Aviation Corp. Drawing No. 5700 dated May 23, 1978.

Limitations and Conditions:

This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 1, 1978 *Date reissued:*

Date of issuance: November 7, 1978 *Date amended:*

By direction of the Administrator
