Department of Transportation—Federal Aviation Administration

Supplemental Type Certificate

Number SA826NW

This certificate, issued to Seaplane Flying, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * *of the* * *Regulations.*

Original Product—Type Certificate Number: *See attached Master Eligibility List (MEL) No. SA826NW for List of Approved Airplane Models and Applicable Airworthiness Regulations.

Make:

Model:

Description of Type Design Change: Installation of Cessna flap gap seal fairings in accordance with Seaplane Flying, Inc., Installation Instructions Number SF-1283.

Limitations and Conditions: Approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.

(See "Continuation Sheet" Page 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 6, 1979

Date reissued:

Date of issuance: February 11, 1980

Date amended: November 21, 1980

By direction of the Administrator

Charles C Schroeder

(Signature)

Acting Chief, Seattle Area Aircraft Certification Office

(Title)

Any alteration of this certificate is punishable by a fine of not exceeding $1,000, or imprisonment not exceeding 3 years, or both.

This certificate may be transferred in accordance with FAR 21.47.

FAA Form 8110-2 (10-68)
