United States of America

Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA5787NM

This certificate, issued to Flight Structures Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 *of the* Federal Aviation *Regulations.* (see Type Certification Data Sheet AINM for complete certification basis)

Original Product — Type Certificate Number: AINM

Make: Boeing

Model: 767-300

Description of Type Design Change: Installation of ovens in Sell galley P/N 1003432B00000 in accordance with Sell Master Drawing List 1.003F.31.B, dated August 21, 1992, or later FAA-approved revisions.

Limitations and Conditions: The approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate and Sell Master Drawing List 1.003F.31.B shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 18, 1992

Date reissued:

Date of issuance: November 20, 1992

Date amended:
