United States of America

Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SR00012SE

This certificate, issued to LifePort, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * *of the* * *Regulations.*

*Original Product—Type Certificate Number:** See attached FAA Approved Model List (AML)

*Make:** No. SR00012SE for list of approved rotorcraft

*Model:** models and applicable airworthiness regulations.

Description of Type Design Change: Installation of LifePort Patient Loading and Support System in accordance with drawings listed on the FAA Approved Model List (AML) of this STC, or later FAA approved revisions.

Limitations and Conditions: Approval of this change in type design applies to the rotorcraft models listed on the AML only. This approval should not be extended to any of these rotorcraft models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that rotorcraft. A copy of this certificate (including AML no. SR00012SE) and the approved flight manual supplement (FMS) listed on the AML must be maintained as part of the permanent records for the modified rotorcraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 9, 1993

Date of issuance: September 23, 1993

Date reissued:

Date amended:

By direction of the Administrator
