United States of America

Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA2067SO

This certificate, issued to JAMCO AMERICA, INC.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b *of the* Civil Air *Regulations.*

Original Product — Type Certificate Number: A3WE

Make: Boeing

Model: 727-200

Description of Type Design Change: Installation of galleys in accordance with Piedmont Airlines Engineering Authorization No. 727-502, Issue "A", dated February 17, 1987, or later FAA-approved revision.

Limitations and Conditions: This approval should not be extended to other airplanes of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: October 20, 1986

Date of issuance: March 2, 1987

Date reissued: October 22, 1987, November 29, 1988

Date amended:

By direction of the Administrator

D. L. Riggs
