# Supplemental Type Certificate

B

*Number* SA1467NM

*This certificate, issued to* Theodore E. Deusner, Jr.

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part* 03 & 3 *of the* Civil Air *Regulations.*

*Original Product — Type Certificate Number:* A-799

*Make:* Cessna

*Model:* 170 Series

*Description of Type Design Change:* Installation of a new instrument panel and associated wiring in accordance with Theodore E. Deusner, Jr. Assembly Instructions and Master List No. 1050.

*Limitations and Conditions:* Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate shall be maintained as part of the permanent records for the modified aircraft.

*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

*Date of application:* March 18, 1981

*Date of issuance:* March 5, 1982

*Date reissued:*

*Date amended:* August 26, 1982

*By direction of the Administrator*

Darrell M Pedersen
