Department of Transportation—Federal Aviation Administration

Supplemental Type Certificate

Number SH4331NM

This certificate, issued to Simplex Manufacturing Company

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * *of the* * *Regulations.*

Original Product—Type Certificate Number: *
Make: *
Model: *

*See attached Approved Model List (AML) No. SH4331NM for list of approved helicopter models and applicable airworthiness regulations.

Description of Type Design Change: Installation of a Simplex Model 7700 modular electrical system in accordance with Simplex Drawing List titled, "Model 7700 Electrical System," dated May 17, 1988, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate and Approved Model List (AML) No. SH4331NM, dated July 8, 1988, must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 16, 1988

Date of issuance: July 8, 1988
