Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA1601NM

B

This certificate, issued to North Sound Aviation

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 *of the* Civil Air *Regulations.*

Original Product — Type Certificate Number: 5A6 3A24

Make: Cessna Cessna

Model: 180 & 185 Series Aircraft

Description of Type Design Change: Installation of 8.50x6 6 ply aircraft tires in accordance with North Sound Aviation Drawing No. 180-102.

Limitations and Conditions: Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 18, 1982

Date reissued:

Date of issuance: April 19, 1982

Date amended:

By direction of the Administrator

Darrell M Pedersen
