United States of America

Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA39NW

This certificate, issued to WESTERN METAL PRODUCTS

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 *of the* Federal Aviation *Regulations.*

Original Product — Type Certificate Number: A16WE

Make: Boeing

Model: 737-286C (Iran Air)

Description of Type Design Change: Modification of approved Boeing 737 QC cargo system in accordance with Vinnedge FAA Sealed Drawing List No. 103.

Limitations and Conditions: STC must be included in the records of each airplane modified per this STC. All items of emergency equipment and cabin furnishings shown on Vinnedge Interior Arrangement Diagram No. 06-2005 are for reference only.
The approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: February 26, 1973

Date reissued: February 16, 1984

Date of issuance: April 24, 1973

Date amended:

By direction of the Administrator

Thomas H Curran
