Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA328NW

This certificate, issued to AIR REPAIR, INCORPORATED

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b *of the* Civil Air *Regulations.*

Original Product — Type Certificate Number: 4A28
Make: Boeing
Model: 720B

Description of Type Design Change: Installation of Fairchild Stan (R) Integral Weight and Balance System in accordance with FAA sealed Air Repair Incorporated Drawing List No. 968 and FAA Approved Airplane Flight Manual Supplement Air Repair Document 032-SR70-FM.

Limitations and Conditions: The approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other specific models of these airplanes on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane. A copy of this Certificate shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 12, 1976 *Date reissued:*

Date of issuance: July 28, 1976 *Date amended:*

By direction of the Administrator
