Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA3840NM

This certificate, issued to Flight Structures, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b *of the* Civil Air *Regulations.*

Original Product—Type Certificate Number: 4A26

Make: Boeing

Model: 707-300B

Description of Type Design Change: Interior reconfiguration to 166 passenger seating arrangement in accordance with Flight Structures Drawing No. 86FS00801 Revision D dated June 5, 1987 or later FAA approved revisions.

Limitations and Conditions: This approval for change in type design applies to the above model aircraft only. This STC requires prior incorporation of STC No. SA3839NM. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate along with FAA approved Drawing No. 86FS00801 shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application March 3, 1985

Date of issuance June 8, 1987
