Number SA2007WE

This certificate, issued to Pacific Airmotive Corporation, Inc.
Aircraft & Engineering Center
3000 No. Clybourn Avenue
Burbank, California 91503

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 *of the* Federal Aviation *Regulations.*

Original Product—Type Certificate Number: A16WE
Make: Boeing
Model: 737-293

Description of Type Design Change:
Installation of Header and Drape in accordance with FAA sealed Pacific Airmotive Corporation Drawing No. 6642178 or later sealed revisions.

Limitations and Conditions:
This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated unless it is determined that the inter-relationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 25 August 1969

Date of issuance: 3 SEP 1969
