Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA3865NM

This certificate, issued to Flight Structures, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b *of the* Federal Aviation *Regulations.*

Original Product — Type Certificate Number: 4A26

Make: Boeing

Model: 707-321B

Description of Type Design Change: Installation of a video player and monitor system in accordance with FAA approved FSI Drawing List 85FS110 "K", Revision K, dated May 29, 1987, or later FAA approved revisions.

Limitations and Conditions: This change in type design applies to the Boeing Model 707-321B aircraft. This type design change should not be extended to other specific models of these aircraft on which previously approved modifications are incorporated, unless it is determined that the interrelationships between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. The requisite interior arrangement which accomodates this installation is approved by STC SA3840NM, and is not a part of this STC. A copy of this certificate and the FAA Approved FSI Drawing List 85FS110 must be kept in the permanent records of the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: May 12, 1986

Date of issuance: June 8, 1987

Date reissued:

Date amended:
