Department of Transportation—Federal Aviation Administration

Supplemental Type Certificate

Number SA2196NM

This certificate, issued to AAR Oklahoma, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 *of the* Civil Air *Regulations.*

Original Product—Type Certificate Number: 3A21

Make: Cessna

Model: T210N

Description of Type Design Change: Installation of removable seat tracks in an area of the passenger floor previously modified by a camera port installation in accordance with STC SA2195NM. The removable seat tracks are installed in accordance with Flight Structures Master Drawing List No. 83FS088, dated February 10, 1984, or later FAA approved revision.

Limitations and Conditions: Data pertaining to this modification are considered inadequate for duplication in other aircraft. This approval is limited to the installation of the removable seat tracks on Cessna model T210N aircraft, Serial Number 21063958, Registration Number N4594Y only. A copy of this Certificate must be carried in the modified airplane at all times.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: January 18, 1984

Date of issuance: February 10, 1984

Date reissued: July 22, 1988

Date amended:

By direction of the Administrator

David G. Hurd
