United States of America

Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA1620WE

This certificate, issued to Sorm, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 *of the* Civil Air *Regulations.*

Original Product — Type Certificate Number: A-772

Make: Curtiss

Model: C46A, D, E, & F

Description of Type Design Change: Modification of floor deck per Drawing SI-C46-100, Sheets 1 and 2.

Limitations and Conditions: The approval of this change in type design applies basically to the Curtiss model aircraft referenced on this Supplemental Type Certificate. This approval should not be extended to other specific airplanes of these models on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of the aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: February 16, 1968

Date of issuance: March 1, 1968

Date reissued: June 23, 1987

Date amended:

By direction of the Administrator

D. L. Rizzan
