Department of Transportation—Federal Aviation Administration

Supplemental Type Certificate

Number **SA00366SE**

This certificate, issued to **Aviation Development Corporation**
1305 NW 200th Street
Seattle, WA 98177

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 *of the* *Federal Aviation *Regulations.*

Original Product—Type Certificate Number: *See attached Approved Model List (AML) SA00366SE

Make: *

Model: *

Description of the Type Design Change: Installation of Aviation Development Corporation Oil Filter together with a chip detector in accordance with Aviation Development Corporation Drawing List DL005, Revision 2, dated November 20, 1995, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design applies to the aircraft models listed on the AML only. This approval should not be extended to aircraft on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate, AML SA00366SE, and FAA Approved Flight Manual Supplement FM 020, Revision A, dated January 26, 1996, must be maintained as part of the permanent records for the modified aircraft.

The STC holder will provide a written permission statement to each person it authorizes to use this certificate to alter the product.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 15, 1996

Date of issuance: August 19, 1996

Date reissued:

Date amended: June 24, 1997

By direction of the Administrator
