United States of America

Department of Transportation—Federal Aviation Administration

Supplemental Type Certificate

Number SA5755NM

This certificate, issued to Ray G. Davis

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 *of the* Federal Aviation *Regulations:* *

Original Product—Type Certificate Number: *

Make: * SEE ATTACHED AML

Model: *

Description of Type Design Change: Installation of a propeller anti-theft device in accordance with Davis Installation Instructions PL-1 dated January 29, 1992, and Master Drawing List PL-1 dated January 29, 1992, or later FAA approved revisions.

Limitations and Conditions Approval of this change in type design applies to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate dated August 5, 1992, or later FAA approved revision, must be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: July 12, 1990

Date of issuance: August 5, 1992
