Department of Transportation — Federal Aviation Administration

Supplemental Type Certificate

Number SA222NW

This certificate, issued to Rader Aircraft Sales and L.R.M. Products

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 *of the* Civil Air *Regulations*: dated December 15, 1946.

Original Product—Type Certificate Number: 1A13

Make: Lake

Model: LA-4 Series

Description of Type Design Change: Installation of a nose bumper in accordance with the L.R.M. products nose bumper installation instructions and data report No. 1000 dated September 22, 1975.

Limitations and Conditions: The approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse affect upon the airworthiness of that aircraft. A copy of this Certificate and the Approved Airplane Flight Manual Supplement shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 18, 1975

Date of issuance: OCT 16 1975

Date reissued:

Date amended:
