## Title 14—AERONAUTICS AND SPACE

### Chapter I—Federal Aviation Agency

[Reg. Docket No. 6684; Amdt. 141-2]

#### PART 141—PILOT SCHOOLS

##### Retention of Records by Certificated Pilot School

The purpose of this amendment to Part 141 of the Federal Aviation Regulations is to establish a one-year requirement for the preservation of required records for certificated pilot schools and to eliminate unnecessary and burdensome records keeping.

Section 141.21 of the Federal Aviation Regulations does not specify the period of time which a certificated pilot school must retain the individual training records of its students. Indefinite preservation of records is burdensome and in most cases serves no useful purpose for the pilot school, the student, or the Agency.

The Agency feels that the retention by the pilot school of the individual record of each student for 1 year following his graduation or the termination of his participation in the training course is a satisfactory period for keeping these records.

For the above reasons, and since the

amendment is of a minor nature and one in which the public is not generally interested, I find that notice on this amendment is unnecessary and that the amendment may be made effective less than 30 days after publication.

In consideration of the foregoing, § 141.21 of Part 141 of the Federal Aviation Regulations is amended, effective June 9, 1965, to read as follows:

##### § 141.21 Records.

Each certificated pilot school shall keep a current, accurate, and individual record of each student's participation and accomplishments in the course for which he is enrolled, including a chronological log of his instruction, attendance, subjects covered, tests, and test grades. When the student completes the course or is graduated, an authorized representative of the school shall certify the record. The school shall keep each record required by this section for a period of one year following a student's graduation or the termination of his participation in the training course.

(Secs. 313(a), 314, 601, and 607 of the Federal Aviation Act of 1958; 49 U.S.C. 1354(a), 1355, 1421, and 1427)

Issued in Washington, D.C., on June 3, 1965.
