

Federal Aviation Administration

Memorandum

Date: February 1, 2007

To: All Aircraft Certification Offices
All AIR Certificate Management Offices/Units
All Flight Standards Offices
All Manufacturing Inspection District /Satellite Office
All Manufacturing Inspection Offices
Aircraft Engineering Division, AIR-100
International Policy Office, AIR-40
Planning and Program Management Division, AIR-500
Suspected Unapproved Parts Program Office, AVS-20

From: Frank P. Paskiewicz, Manager, Production and Airworthiness Division, AIR-200

Prepared by: AIR-220, J. Linsenmeyer

Subject: **INFORMATION:** AIR-200 National Policy and Guidance

This memorandum is intended to clarify that all letters, memoranda, e-mails, etc., are not approved for use as AIR-200 policy and guidance (except deviation memoranda). Approved policy and guidance material, such as Advisory Circulars, Orders, and Notices, are located in the Regulatory and Guidance Library (RGL) at <http://rgl.faa.gov>.

Please discontinue use of any letters, memoranda, e-mails, etc. formerly used as AIR-200 policy or guidance and forward those documents to AIR-200. AIR-200 will determine if those documents need to be incorporated into existing policy and guidance. Please forward this memo to your AIR designees or Flight Standards maintenance designees.

You may contact AIR-200 at (202) 267-8361 if you have any questions about authorized national policy and guidance for production and airworthiness.

This memorandum has been reviewed and coordinated with the Aircraft Engineering Division, AIR-100, and the Aircraft Maintenance Division, AFS-300.
