Approval by: 

Melvin Taylor, ATL ACO Manager

Date: 8/4/2009

Description of Type Design Change:

Passenger interior reconfiguration in accordance with Pemco Drawing Report 9308, Revision B, dated November 3, 1993, or later FAA approved revision.

Limitations and Conditions: The seating configuration for this approval does not comply with FAR 25.813(c), Amdt. 25-76, concerning improved access to Type III exits. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any other previously approved modifications will produce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
