Approval by: 
Melvin Taylor, ATL ACO Manager
Date: 11/3/2009

Description of Type Design Change:

Installation of a Universal UNS-1C Flight Management System with a Global Positioning System in accordance with JanzAir Top Drawing No. 727-345906 Revision A, dated 2/1/2005, or later FAA approved revision.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce no adverse affect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission. FAA Approved Airplane Flight Manual Supplement, Revision B, dated March 25, 2005, or later FAA approved revision is a required part of this STC.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
