

8103

Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SE5009NM

This certificate, issued to KNISLEY WELDING, INC.
3450 Swetzer Road
Loomis, California 95650

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 13 of the Civil Air Regulations. See Type Certificate Data Sheet E8CE for the complete certification basis.

Original Product — Type Certificate Number: E8CE
Make: Continental
Model: TS10-520-C, G, H, M, R

Description of Type Design Change: Installation of a modified exhaust system in accordance with Knisley Welding, Inc., Modified Master List (MMDL) #1, Revision G, dated May 19, 1993, or later FAA approved revision.

Limitations and Conditions: Approval of this change in type design is limited to engines specifically identified above and does not constitute approval for installation in an aircraft. A separate FAA approval for installation on each aircraft must be obtained. Engines which have previously approved modifications shall not be modified by this STC, unless it is determined that the interrelationship between this change and any other modification will introduce no adverse effect on the airworthiness of these aircraft. A copy of this STC must be included in the permanent records of each airplane modified in accordance with this STC.
This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: September 10, 1989

Date issued:

Date of issuance: October 12, 1990

Date amended: January 12, 1994

By direction of the Administrator
