

Supplemental Type Certificate

Number SR00699SE

This certificate, issued to

**Onboard Systems
13915 NW 3rd Court
Vancouver, WA 98685**

*certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part * of the * Regulations.*

Original Product—Type Certificate Number:

* See attached Federal Aviation Administration (FAA)

Make:

Approved Model List (AML) SR00699SE for approved

Model:

aircraft models and applicable airworthiness regulations

Description of the Type Design Change: Fabrication of Onboard Systems Model 200-246-00 cargo hook kit in accordance with Onboard Systems Master Drawing List No. 155-047-00, Revision 21, dated March 26, 2013, or later FAA-approved revision; and installation of these hooks in accordance with Onboard Systems Owner's Manual No. 120-083-00, Revision 9, dated February 15, 2013, or later FAA-approved revision. Inspection of these hooks in accordance with Section 4 of Onboard Systems Service Manual No. 122-004-00, Revision 21, dated January 8, 2013, or later FAA-approved revision.

Limitations and Conditions: Approval of this change in type design applies only to the Bell rotorcraft models listed on AML No. SR00699SE, revised May 30, 2013, or later FAA-approved revision, which were previously equipped with an FAA approved installation of the following cargo hooks: Bell P/N 204-072-924-1 or -7, or Breeze Eastern P/N SP7109-1, -11, -12, -62, or -93. This approval should not be extended to other rotorcraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that rotorcraft. Rotorcraft modified by this STC must be operated in accordance with a copy of FAA approved Rotorcraft Flight Manual Supplement (RFMS) No. 121-020-00, Revision 1, dated May 14, 2013, or later FAA approved revision.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
