

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA3418WE

This certificate issued to

BF Goodrich Aerospace
Lighting Systems Division
3445 South 5th Street
Phoenix, AZ 85040

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Dated November 1, 1949 (see TC Data Sheet 3A12)

Original Product--Type Certificate Number: 3A12

Make: Cessna

Model: 172, F 172

Description of Type Design Change: Installation of Hoskins "Novastar II" Combined Position Anti-Collision Lighting System in accordance with FAA sealed Hoskins Top Drawing No. 10-204054, N/C Dated February 15, 1977 or later FAA sealed revision.

Limitations and Conditions: The approval of this change in type design applies basically to the above listed models. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and of any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: February 16, 1977

Date reissued: April 01, 1990, September 25, 1995,
January 31, 1996, September 30, 2011

Date of issuance: June 22, 1977

Date amended:

By direction of the Administrator
