

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA01143NY

This certificate issued to Intermap Technologies, Inc.
400 Inverness Drive South
Englewood, CO 80112

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product -- Type Certificate Number : 2A4

Make : Twin Commander

Model 695B

Description of Type Design Change:

Installation of an Aerosensing Terrain Mapping Radar Antenna System in accordance with Keytech Installation Drawing List IDL00328, Rev. A dated November 11, 1999.

Limitations and Conditions:

1. This installation is limited to Aircraft Serial Number 96085.
2. Keytech Pilot's Operating Handbook Supplement No. POH00328, FAA approved 2/10/00 is required with this modification.
3. Keytech Instruction for Continued Airworthiness Report #ICA00328, Rev. B, dated 11/11/99 is required with this modification.
4. Compatibility of this design change with previously approved modifications must be determined by the installer.
5. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : August 26, 1999

Date reissued : May 09, 2006, May 15, 2006

Date of issuance : February 11, 2000

Date amended :

By direction of the Administrator
