Supplemental Type Certificate

Data pkg -
sent to AWE-130
11/7/78

Number SA144RM

This certificate, issued to

Aeronics
Jefferson County Airport, Hangar B4A
Broomfield, CO. 80020

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: 3A13
Make: Cessna
Model: R182

Description of Type Design Change:

Installation of Pathfinder P-2A single-axis autopilot in accordance with FAA Approved Aeronics Installation Manual 77-021 dated June 29, 1978, and Aeronics Drawings 71-049 and 71-048 dated June 29, 1978.

Limitations and Conditions: This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those previously approved modifications will introduce no adverse effect upon the airworthiness of the airplane.

FAA Approved Aeronics Airplane Flight Manual Supplement dated June 29, 1978, is a required part of this installation.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 10, 1978

Date reissued:

Date of issuance: June 29, 1978

Date amended:

By direction of the Administrator
