

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA8830SW

This Certificate issued to The NORDAM Group, Inc.
6911 N. Whirlpool
Tulsa, OK 74117

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product Type Certificate Number : A16WE
Make : Boeing
Model : See continuation sheet 3 of 3

Description of Type Design Change: Installation of nose radome assembly (Part Numbers 1001002-1, -2, and -8) in accordance with NORDAM Master Data List Document Number 190-2501-7, Revision L, dated April 2, 2009, or later FAA approved revision. The NORDAM Supplemental Maintenance Manual Document Number TNG-SMM-737, dated April 28, 2010, or later FAA accepted revision is required.

(See continuation sheet 3 of 3)

Limitations and Conditions: Compatibility of this design change with previously approved modifications must be determined by the installer. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

(See continuation sheet 3 of 3)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : November 15, 1993

Date reissued : 1/1/97; 3/5/04

Date of issuance : March 29, 1994

Date amended : July 26, 2010 Revision 5

By direction of the Administrator

Supplemental Type Certificate
(Continuation Sheet)

Number SA8830SW

Date Amended: July 26, 2010 Revision 5

Model (Continued):

737-100, -200, -200C, -300, -400, -500, -600, -700, -700C, -800, -900, and -900ER Series (for Part Numbers 1001002-1, -2, and -8)

737-300, -400, -500, -600, -700, -800, -900, and -900ER Series (for Enhanced Vision System (EVS) Part Numbers A-B732002-001 and -002)

Description of Type Design Change (Continued):

Installation of Enhanced Vision System (EVS) nose radome assembly (Part Numbers A-B732002-001 and -002) in accordance with NORDAM Master Data List Document Number NRDL 1006, Revision B, dated April 9, 2010, or later FAA approved revision. The NORDAM Supplemental Maintenance Manual Document Number TNG-SMM-737EVS, dated April 30, 2010, or later FAA accepted revision is required. Note: The A-B732002-001 and -002 radomes have provisions to install an Enhanced Vision System (EVS).

Limitations and Conditions (Continued):

The FAA has not certified the equipment for A-B732002-001 and -002 radome assemblies for which these provisions are intended. You must get additional FAA approval to install this equipment. The FAA must evaluate the installation to ensure it complies with applicable airworthiness standards. The Certification Basis for this installation is per Type Certification Data Sheet A16WE.
