

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA2570NM

This Certificate issued to Javelin Conversions, Inc.
8421 Nelms Street
Houston, Texas 77061

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product Type Certificate Number : 3A21
Make : Cessna
Model : P210N

Description of Type Design Change:

Installation of stiffening ribs in the aileron and rudder surfaces and redistribution of the mass balance in the aileron, rudder and elevator, in accordance with FAA sealed Air America, Incorporated, Master Drawing List, Drawing No. AA51700, Revision D, dated April 26, 1985, or later FAA approved sealed revision.

Limitations and Conditions :

The limitations and conditions of data sheet 3A21 apply to aircraft modified by these control surface(s) installations and redistributions. A copy of this STC must be included in the permanent records of each aircraft modified in accordance with this STC. The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter a product, the holder must give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : September 20, 1984

Date reissued : January 2, 1986,
April 25, 1990, October 30, 1991,
June 5, 1996, July 31, 2012

Date of issuance : May 23, 1985

Date amended :

By direction of the Administrator
