Model:

Description of the Type Design Change: Installation of a color video camera on either the left, right, or both upper outboard surfaces of the horizontal stabilizer in accordance with Geneva Aviation Master Drawing List GA161, Revision IR, dated July 21, 1995, or later FAA-approved revision.

Limitations and Conditions: Approval of this change in type design applies to the above model rotorcraft listed on AML SR00219SE only. This approval should not be extended to other rotorcraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other changes in type design will introduce no adverse effect upon the airworthiness of that rotorcraft. This modification may be installed in conjunction with Supplemental Type Certificate SH274WE. A copy of this certificate, the AML, and the MDL must be maintained as part of the permanent records for the modified rotorcraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
