*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 04 & 9 of the Civil Air Regulations.*

*Original Product Type Certificate Number:* L-3-4

*Make:* Douglas

*Model:* A-26B or C

*Description of Type Design Change:* Modifications to A-26B or C aircraft including fuselage pressurization, higher horsepower engines, nose wheel steering, autopilot installation and numerous other changes as listed in On Mark Engineering Company Master Drawing Number 617, "J" revision dated April 12, 1961, or later sealed revisions. Individual modifications as well as acceptable combinations are listed on the detail drawing summaries which are part of the above noted Master Drawing Summary.

*Limitations and Conditions:* The approval of this change in Type Design applies basically to: Standard A-26B or C only. This approval should not be extended to other specific aircraft of these models on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

*This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.*

*Date of application:* November 8, 1960

*Date reissued:* May 1, 1970; August 6, 2007

*Date of issuance:* December 14, 1960

*Date amended:* February 15, 1965

*By direction of the Administrator*
