Number SA1126NW-D

This Certificate issued to United Air Lines, Inc.
600 Jefferson Street
Houston, Texas 77002

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations See Type Certificate Data Sheet 4A25

Original Product Type Certificate Number: 4A25

Make: Boeing

Model: DC-8-52

Description of Type Design Change: Seat mix change from 113 passenger dual class configuration to 186 passenger all coach charter configuration. Installation in accordance with DAS-1-WE United Air Lines Drawing List No. 1126 dated August 16, 1981, or later FAA approved revisions.

Limitations and Conditions: The approval of this change in type design applies basically to DC-8-52. This approval should not be extended to other specific aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft. This determination should include consideration of significant changes in weight distribution such as an increase in the fixed disposable weight in the fuselage. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data, which is the basis for approval, shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
