

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SH734NW

This certificate, issued to Onboard Weighing Systems

*certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part * of the*

Regulations. *Federal Aviation Regulations Parts 21.29 and 27.

Original Product — Type Certificate Number: H6EU
Make: Aerospatiale
Model: SA341G

Description of Type Design Change: Installation of weighing system in accordance with Onboard Weighing System Installation Instructions Drawing 2531.

Limitations and Conditions: Approval of this change in type design applies basically to the above model helicopter only. This approval should not be extended to other helicopters of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that helicopter.

See Continuation Sheet, Page 3
