aircraft models and applicable certification basis

Description of the Type Design Change: Replacement tail rotor blades, Part Numbers 65161-00001-041MII and/or 65161-00001-043MII, fabricated and maintained in accordance with the applicable documents on AML SR02055SE. These are direct replacements for 65161-00001-041 and 65161-00001-043, respectively.

Limitations and Conditions: Approval of this change in type design applies to the rotorcraft listed on AML SR02055SE only. This approval should not be extended to other rotorcraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the relationship between this change and any of the other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that rotorcraft.

A copy of this certificate, AML SR02055SE, and if applicable, the Instructions for Continued Airworthiness, must be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.
