

Supplemental Type Certificate

Number ST01515SE

This certificate, issued to: Oregon Aircraft Design, LLC
31338 N.W. Hillcrest
P.O. Box 1516
North Plains, OR 97133

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Civil Air Regulations.

Original Product—Type Certificate Number: *See attached FAA Approved Model List (AML)
Make:No. ST01515SE for a list of approved airplane
Model:models and applicable airworthiness regulations.

Description of the Type Design Change: Installation of heat shields for exhaust manifold heat deflection; manufactured and installed in accordance with Drawing List DL180, Rev. B, dated February 9, 2005, or later FAA approved revisions.

Limitations and Conditions: Approval of this change in type design applies to the aircraft models specified on AML. No. ST01515SE only, that are equipped with Seaplanes West engine mount (STC SA01573NY). This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate must be maintained as part of the permanent records for the modified aircraft.

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: November 1, 2004

Date reissued:

Date of issuance: March 29, 2005

Date amended:

By direction of the Administrator
