

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number SA858CE

This certificate issued to:

Hawker Beechcraft Corporation
9709 E. Central
Wichita, KS 67206

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product - Type Certificate Number: A3EU

Make: Hawker Siddeley

Model: BH125-400A

Description of Type Design Change: Installation of Intercontinental Dynamics Corp. 16007-62 Encoding Altimeter; 18152-307 Static Defects Correction Module; 23989-002 Altitude Alerter; and 18013B-2 Vertical Speed Indicator. Data required: (1) Stamped "FAA Approved" Beech Aircraft Corporation Drawing No. 125-001114 ().

Limitations and Conditions: This approval should not be extended to other specific airplanes of this model on which other previously approved modifications are incorporated, unless it is determined that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that airplane. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: June 5, 1972

Date reissued: April 15, 1996; March 26, 2007

Date of issuance: June 29, 1972

Date amended:

By direction of the Administrator
