

United States of America
Department of Transportation -- Federal Aviation Administration
Supplemental Type Certificate

Number ST01000CH

This certificate issued to
Canard Aerospace Corporation
250 South Fuller Street
Shakopee, MN 55347

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations. See Type Certificate Data Sheet No. A16WE for complete certification basis.

Original Product--Type Certificate Number: A16WE
Make: Boeing
Model: 737-300 Series

Description of Type Design Change:

Installation of Allied Signal Flight Data Recorder and new sensors, for control wheel and rudder pedal position, as well as aileron, rudder, and elevator surface position, in accordance with Canard Aerospace Document Control Drawing No. 40067, Revision C, dated February 22, 1999, or later FAA approved revision.

Limitations and Conditions:

- 1) Compatibility of this design change with previously approved modifications must be determined by the installer.
- 2) If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: April 24, 1998

Date reissued: April 18, 2007

Date of issuance: March 4, 1999

Date amended:

By direction of the Administrator
