

United States of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate
Number **ST01253SE**

This certificate, issued to:

**Heath Tecna, Inc.
3225 Woburn Street
Bellingham, WA 98226**

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: T00001SE
Make: Boeing
Model: 777-200 Series

Description of the Type Design Change: Installation of interior kit for a floor mounted stowage unit in accordance with Heath Tecna (HT), Inc. Drawing HPD-DL-88, Revision E, dated February 9, 2006, or later FAA approved revisions.

Limitations and Conditions: Approval of this change in type design applies to the aircraft model listed above. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated unless it is determined that the relationship between this change and any of those other previously approved modifications, including changes in type design will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate and Heath Tecna, Inc. Drawing List HPD-DL-88, Revision E must be maintained as part of the permanent records for the modified aircraft.

See the continuation sheet below for additional limitations and conditions.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 5, 2003 *Date reissued* March 17, 2005
Date of issuance: August 20, 2003 *Date amended:* February 22, 2006

By direction of the Administrator

Supplement Type Certificate

(Continuation Sheet)

Number **ST01253SE**

Issued to: Heath Tecna, Inc.

Date of Issuance: August 20, 2003

Date Amended: February 22, 2006

Limitations and Conditions: (cont'd)

Note: This continuation sheet is applicable to the STC as issued on August 20, 2003.

The following additional limitations are applicable to Kit H5449-1:

Compliance with CFR 25.812(a)(1), (e) Amendment 25-58 is not shown since the approval of emergency path lighting system is not being evaluated and is not part of HT STC. The noncompliance finding of the emergency path lighting system results in a zero passenger configuration for this STC.

The following additional limitations are applicable to Kit H5449-3:

Interior compliance has not been shown or evaluated as part of the HT STC for: placards and markings; seat installation; emergency path lighting; passenger service units; emergency equipment; closet lighting system; attendant seat and belts; and the attendant switch panel. The noncompliance findings for the interior results in a zero passenger configuration for this STC and requires a zero passenger limitation placard to be installed near the passenger entry door.

Certification Basis:

The certification basis for this modification is in accordance with Type Certificate Data Sheet, T00001SE, with the following exceptions:

Regulations at the latest amendment

25.981

Amendment 25-102

If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

----- **END** -----

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both.

This certificate may be transferred in accordance with FAR 21.47.
