Supplemental Type Certificate

Number: SA1537CE

This certificate issued to: Sabreliner Aviation, LLC
1390 Highway H
Perryville, MO 63775

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations and FAR Part 25 as applicable to APU Installation on FAA letter to Rockwell International dated June 25, 1979.

Original Product – Type Certificate Number: A2WE Make: Rockwell International
Model: NA-265-40

Description of Type Design Change:

Installation of Solar Model T-62T-40C Auxiliary Power Unit (APU). Data required: 1. Rockwell International Drawing List #65S-147-0012, Rev. B, dated November 2, 1979, and Flight Manual Supplement dated November 28, 1979, (for ground operation only); 2. Rockwell International Drawing List #65S-147-0013, Rev. B, and Flight Manual Supplement, dated March 28, 1980, (for ground and flight generator operation) (bleed air operation on ground only); 3. Rockwell International Drawing List #65S-147-0013, Rev. C, and Flight Manual Supplement dated June 24, 1980, (for ground and flight generator and bleed air operations), or later FAA approved revisions on all documents.

Limitations and Conditions:

This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: May 6, 1979

Date Reissued: June 30, 1983; March 7, 2014

Date of Issuance: November 29, 1979

Date Amended: June 24, 1980

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).
