

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number SA10595SC

This Certificate issued to Blackhawk Modifications Inc.
1800 E. Sahara Ave.
Las Vegas, NV 89104

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product Type Certificate Number : 3A20
Make : Beech
Model : 65-A90; B90

Description of Type Design Change: Aircraft pressurization source conversion in accordance with Master Drawing List 90-21-000, Revision IR, dated July 25, 2006, or later FAA approved revision. Required instructions for continued airworthiness are contained in document No. 19012-30, Revision IR, dated August 15, 2006, or later FAA approved revision. FAA approved Airplane Flight Manual Supplement AFMS 19012, Revision IR dated December 21, 2006, or later FAA approved revision is required. Eligible only on Model 65-A90 and B90 airplanes equipped with either Pratt and Whitney PT6A-21 or PT6A-28 engines.

Limitations and Conditions: The installer must determine whether this design change is compatible with previously approved modifications. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission .

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application : August 16, 2006

Date reissued :

Date of issuance : December 05, 2006

Date amended :

By direction of the Administrator
