

United States of America
Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA907CE

This certificate, issued to R. C. Allen Instruments, Inc.
535 S. Topeka
Wichita, KS 67202

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 4b of the Civil Air Regulations.

Original Product — Type Certificate Number: A7EU

Make: Dassault/SUD

Model: Fan Jet Falcon Series C, Series D, & Series F

Description of Type Design Change:

Aircraft Instrument & Development, Inc. Battery Temperature Indicating and Over Temperature Warning System. Data Required: Aircraft Instrument & Development's, Inc. installation instructions dated December 4, 1972, for Kit Type 29-307 and Aircraft Instrument & Development's Airplane Flight Manual Supplement dated May 2, 1973 (Series "D" Serial No. 229 only), or Airplane Flight Manual Supplement for Series C, Series D, and Series F dated June 1, 1973.

Limitations and Conditions: This installation limited to Fan Jet Falcon Series C, Series D, and Series F airplanes having Supplemental Type Certificate SA1483SW installed. This approval should not be extended to other aircraft of these models on which other previously approved modifications are incorporated, unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: December 4, 1972

Date reissued: August 1, 1991

Date of issuance: May 2, 1973

Date amended: June 1, 1973

By direction of the Administrator
