

United States of America
Department of Transportation—Federal Aviation Administration
Supplemental Type Certificate

Number SH453NW

This certificate, issued to Measurement Systems International, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 6 of the Civil Air Regulations., January 15, 1951.

Original Product—Type Certificate Number: 1H11

Make: Sikorsky

Model: S-58 Series

Description of Type Design Change: Installation of an electronic weighing system (for monitoring cargo weight) in accordance with Measurement Systems International, Inc. Installation Drawing D00414 or Drawing D00475.

Limitations and Conditions: Approval of this change in type design applies basically to the above model helicopters only. This approval should not be extended to other helicopters of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that helicopter. A copy of this Certificate and FAA Approved Rotorcraft Flight Manual Supplement shall be maintained as part of the permanent records for the modified helicopter.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: April 11, 1977

Date reissued:

Date of issuance: June 7, 1977

Date amended: August 31, 1977; December 4, 1980

By direction of the Administrator
Charles C. Schroeder
